

Project Review 2024

Report of Contributions

Contribution ID: 1

Type: **not specified**

ATLAS Physics

Monday, 9 December 2024 10:00 (20 minutes)

Presenter: VERBYTSKYI, Andrii

Session Classification: Plenary

Contribution ID: 2

Type: **not specified**

ATLAS Upgrade Activities

Monday, 9 December 2024 11:10 (40 minutes)

Presenter: KORTNER, Oliver

Session Classification: Plenary

Contribution ID: 3

Type: **not specified**

Power to the LHC

Monday, 9 December 2024 10:20 (20 minutes)

Presenter: HAISCH, Ulrich

Session Classification: Plenary

Contribution ID: 4

Type: **not specified**

CRESST

Monday, 9 December 2024 10:40 (20 minutes)

Presenter: PETRICCA, Federica

Session Classification: Plenary

Contribution ID: 5

Type: **not specified**

Status Report LST/CTA

Tuesday, 10 December 2024 11:00 (20 minutes)

Presenter: SCHWEIZER, Thomas

Session Classification: Plenary

Contribution ID: 6

Type: **not specified**

The MAGIC of very-high-energy gamma-ray astronomy

Tuesday, 10 December 2024 09:00 (20 minutes)

Presenter: PANEQUE, David

Session Classification: Plenary

Contribution ID: 7

Type: **not specified**

Updates from COSINUS

Monday, 9 December 2024 14:00 (20 minutes)

Presenter: STAHLBERG, Martin

Session Classification: Plenary

Contribution ID: 8

Type: **not specified**

Belle 2

Monday, 9 December 2024 16:00 (20 minutes)

Presenter: WALLNER, Stefan

Session Classification: Plenary

Contribution ID: 9

Type: **not specified**

First physics results from MADMAX protoype experiments

Monday, 9 December 2024 16:50 (30 minutes)

Presenter: DIEHL, Johannes

Session Classification: Plenary

Contribution ID: **10**

Type: **not specified**

An Advanced WAKefield Experiment

Monday, 9 December 2024 14:50 (20 minutes)

Presenter: RANC, Lucas

Session Classification: Plenary

Contribution ID: 11

Type: **not specified**

Astrophysical Messengers

Monday, 9 December 2024 12:10 (20 minutes)

Presenter: CAPEL, Francesca

Session Classification: Plenary

Contribution ID: 12

Type: **not specified**

The smallest branching fraction and possibly some of the weakest couplings

Tuesday, 10 December 2024 09:50 (10 minutes)

Presenter: SCHUBERT, Jonathan

Session Classification: Plenary

Contribution ID: 13

Type: **not specified**

Scientific Computing

Tuesday, 10 December 2024 11:50 (20 minutes)

Presenter: KLUTH, Stefan

Session Classification: Plenary

Contribution ID: 14

Type: **not specified**

Arts and craft of precision physics

Tuesday, 10 December 2024 11:25 (20 minutes)

Presenter: SIGNORILE-SIGNORILE, Chiara

Session Classification: Plenary

Contribution ID: 15

Type: **not specified**

Theory (G.D.)

Tuesday, 10 December 2024 09:25 (20 minutes)

Presenter: DVALI, Georgi

Session Classification: Plenary

Contribution ID: 16

Type: **not specified**

Scattering Amplitudes from Positive Geometry

Monday, 9 December 2024 11:50 (20 minutes)

Presenter: YANG, Qinglin

Session Classification: Plenary

Contribution ID: 17

Type: **not specified**

Exploring Quantum Gravity

Monday, 9 December 2024 14:25 (20 minutes)

Presenter: HERRAEZ, Alvaro

Session Classification: Plenary

Contribution ID: **18**

Type: **not specified**

Particle Physics in Supernovae

Monday, 9 December 2024 16:25 (20 minutes)

Presenter: ABBAR, Sajad

Session Classification: Plenary

Contribution ID: **19**

Type: **not specified**

What is a RADES?

Tuesday, 10 December 2024 10:05 (10 minutes)

Presenter: COGOLLOS, Cristian

Session Classification: Plenary
