

# F2F Tracking Meeting in Pisa

## Monday, 12 May 2014

### PXD + SVD I (14:00 - 16:00)

| time  | [id] title                                                                | presenter               |
|-------|---------------------------------------------------------------------------|-------------------------|
| 14:00 | [2] SVD Digit Simulation, Clusterization, Data Model, Test Beam Telescope | KVASNICKA, Peter        |
| 14:40 | [3] SVD, PXD Digit Clusterization                                         | Mr VALENTAN, Manfred    |
| 15:20 | [4] Status of the VXD Track Finder Algorithms                             | Mr LETTENBICHLER, Jakob |
