

# New Trends in HERA Physics 2008

## Tuesday, 7 October 2008

### Jet Production, Jet Structure and Particle Production (08:00 - 20:00)

time	[id] title	presenter
08:00	Breakfast	
09:00	[16] Can we trust small x resummation?	FORTE, Stefano
09:45	[17] Measurements of jets and $\alpha_s$ at HERA	BUSSEY, Peter
10:30	Coffee break	
11:00	[19] Subjets and jet substructure	GLASMAN, Claudia
11:45	[20] Jet-algorithms and related topics at HERA and LHC	SOYEZ, Gregory
12:30	Lunch	
14:00	[23] Review of Monte Carlos at NLO	KRAUSS, Frank
14:45	[24] Multiparton interactions at HERA	KNUTSSON, Albert
15:30	Coffee break	
16:00	[26] Multiple interactions and underlying events	BAEHR, Manuel
16:45	[27] Particle production at HERA	PITZL, Daniel
17:30	[28] Recent developments in parton fragmentation at MLLA and beyond	PEREZ-RAMOS, Redamy
18:30	Dinner
