

# New Trends in HERA Physics 2008

## Friday, 10 October 2008

### HERA Physics in perspective (08:00 - 13:50)

time	[id] title	presenter
08:00	Breakfast	
09:00	[55] Color glass condensates and the relation to HERA physics	IANCU, Edmund
09:45	[56] Summary of the HERA-LHC workshop	THORNE, Robert
10:30	Coffee break	
11:00	[58] Summary of the 1st workshop on LHeC	NEWMAN, Paul
11:45	[59] Gauge-gravity duality and high energy collisions	PESCHANSKI, Robi
12:30	Lunch	
13:30	Departure
