

11th European Symposium on Semiconductor Detectors

Thursday, 11 June 2009

Non-Silicon Devices - Main Auditorium (10:00 - 11:10)

time	[id] title	presenter
10:00	[31] Organic based photodetectors: suitability for X- and gamma-rays sensing application	SAMPIETRO, Marco
10:30	[32] Single Crystal CVD Diamond Detectors for Position, Intensity and Timing Measurements of Synchrotron X-ray beams	MORSE, John
10:50	[33] CZT detectors for high energy astrophysics	KUVVETLI, Irfan
