

# IMPRS Young Scientist Workshop at Ringberg Castle

## Monday, 14 September 2020

### GERMANIUM DETECTOR PHYSICS (09:10 - 10:30)

| time  | [id] title  | presenter        |
|-------|---|------------------|
| 09:10 | [5] Background-free 0vbb decay search with LEGEND                                 | FISCHER, Felix   |
| 09:30 | [6] Temperature dependence of Charge Carrier Drift in Germanium Detectors         | SCHUSTER, Martin |
| 09:50 | [7] Scanning the inner parts of germanium detectors with a Compton Scanner        | HAGEMANN, Felix  |
| 10:10 | [8] Characterization of point contact Germanium detectors for 0vbb decay searches | EDZARDS, Frank   |
