TDR Issues

Due date: March 31, 2010

PXD-part:

- delivered to the TDR Editors (YU; ZD) on Feb. 14

  feedback from collaboration invited until Feb. 24, 24:00

- 6 sets of comments received, only very minor corrections

  DHP section update delivered yesterday

- Comment and Answer file to be done (Editorial Board?)

- Final PXD Chapter to be delivered by end of this week (?)

○ Personal impression:

   CVS repository was a success, easy to work with

○ TDR is done in SVN (very similar to CVS)

○ Suggest to do the next (finla) round in SVN

   repository resides in KEK

   will establish our local (European) SVN repository
   (may reside at MPI)
