

IMPRS Colloquium

Thursday, 28 October 2021

Experimental Collider Physics: Experimental Collider Physics (16:00 - 17:30)

-Conveners: Markus Reif

time	[id] title	presenter
16:00	[8] Allhadronic ttbb cross-section measurement with the ATLAS detector at 13 TeV	WENKE, Nina
16:30	[9] Search for Sleptons in final states with two leptons with the ATLAS Detector	RENDEL, Marian
17:00	[10] Claws - An Injection Background Monitoring System for the Second and Third Phase of the SuperKEKB Commissioning	WINDEL, Hendrik
