

offspring

the official magazine of the Max Planck PhDnet

Our mission:

communicate the network's activities

provide relevant information to PhD students at all institutes

be a platform for PhD students that reflects their interests

Who are we?

Roberto Kretschmer

Julia Steinbach

Corinna Handschuh

Lea Heimbeck

Nina Gaißert

Silvana Schott
(Design)

offspring

The past...

Offspring has been published once a year since 2006

Available online and as print version, send to all MPs
(print run so far 2500 issues/year, now 4000)

offspring

The current issue

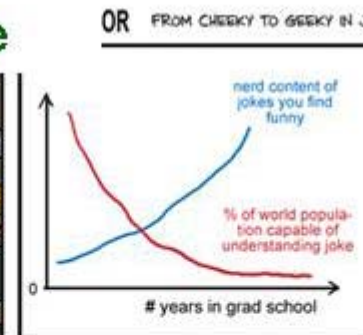

Main topic:
Humor (in science)

offspring

The current issue – a glimpse inside

Science can be fun
– and humor can be a science

offspring

The current issue – a glimpse inside

PhDnet activities 2009/2010:
meetings, highlights,
changes, achievements,
news, announcements...

offspring

The future

- The Offspring is (and hopefully will be) an important medium for transporting information within the PhDnet
- But we need your help!
 - **PhD representatives:** make sure your name and the approximate number of PhD students at your institute is on the list in the wiki
 - **Everyone:** supply us with information about what is going in the MPS PhD community, let us know about upcoming events, send us your ideas, pictures and articles!
